

Arrowtown Lodge

Boutique accommodation surrounded by history and nature

Arrowtown

Lodge

Arrowtown Lodge has been in operation for nearly three decades and was recently purchased by long term local couple Richard and Sally Hoskin.

Designed to evoke the town's gold-rush heritage, Arrowtown Lodge is built from local stone and mud brick.

The cottages are situated in tranquil gardens where guests are invited to relax and enjoy the native birdsong. Each cottage has a king or queen bed, ensuite bathroom, television and tea and coffee facilities.

A comprehensive renovation plan is underway which will include a spacious suite with living area, fully equipped kitchen, luxury bathroom and outdoor entertainment area with a spa pool and fire place. There is a spectacular outlook towards Macetown and Arrowtown's famous seasonally-changing hills.

The closest accommodation to the village of Arrowtown, the lodge is a two-minute walk from the Lakes District Museum, a charming selection of shops and some of the district's best restaurants.

Sport and adventure enthusiasts will love Arrowtown's golf courses, cycle trails and walking tracks on the doorstep of Arrowtown Lodge and the Arrowtown Swimming Pool is right next door.
